SCHOOL NOTES

Lela Bates, '18

The Juniors have been working
hard this week in preparation for the
Annual Junior play. "Savageland"
which is to be given at Longwell's
Opera House on Friday and Satur-
day evenings of this week. As is the
usual custom each class attempts to
out-do the previous class, and from
all indications, the present class is
about to succeed.

We are all glad to welcome back
to our ranks Basil and Leo Mentor.
The base ball season is again here
and our boys are at the bat again to
win. A game is scheduled here for
today with Dowagiac at 3:00 o'clock.
Come out and help boost for Paw
Paw.

Don't forget the date, April 12th,
and 13th, the Junior play. The
Juniors are doing everything to
make "Savageland" a booster Junior
play. Come and crown their efforts
with success.

Dowagiac High School comes here
Friday afternoon for the first of a
two game series of Baseball with the
local high school. It has been several
years since games between Dowagiac
and Paw Paw were played. A short
Military drill will precede the game
which will start at 3:00 o'clock.

Mrs. Woodman delivered an inter-
esting talk before the High school
Monday morning. She emphasized
the importance of forming good
habits as a factor for obtaining suc-
cess. This was the first time Mrs.
Woodman has appeared before the
high school and we will be glad to
welcome her again at any time.

The Military training recently
made compulsory, and which is being
directed by Mr. Royal Decker, is be-
ing enthusiastically received. Though
the boys have had but four drills,
they are progressing very well in the
school of soldiers, and are about
ready to begin on squad formation.
Mr. Decker is certainly a fine officer,
and the development and benefits
which the boys are receiving is an
important part of our school training.

The local high school team defeat-
ed Lawrence on their field last Fri-
day by a score of 5 to 2. The out-
standing feature of the game was the
hitting of Tom Poole, Frank Pierce
and Lloyd Holcomb, three recruits
whose work promises to make this
year's team a very formidable aggre-
gation. The schedule to date is as
follows:—April 12, Dowagiac; April
19, Dowagiac here; April 26, Law-
rence here; April 29, Hartford here;
May 3, Lawrence there; May 10,
Hartford there.

Mrs. Carrie Briggs Chappell spoke
before the high school Assembly one
day last week, regarding the work of
surgical dressing which the local
chapter is doing. Her call for volun-
teer assistants was well received
among the high school pupils.

The Thrift Stamp campaign, which
was begun last week and which will
be carried on through the rest of the
school year, shows that the sch-
pupils are very willing to do their
part. The stamps bought by
pupils of each grade for the past
week are as follows:—

First	1.75
Second	2.25
Third	8.75
Fourth	8.50
Fifth	8.00
Sixth	1.00
Seventh	9.50
Eighth	.75
Ninth	8.75
Tenth	13.00
Eleventh	9.75
Twelfth	3.25
Total for school	\$75.25

These figures show the amount of
sales up to Monday, and as some of
the classes did not get organized
until Friday, the sale is not as great
this week as it promises to be in the
future.

Camouflage Clothing

Camouflage Clothing LOOKS like what it is NOT. It is
an imitation of something that is REAL. It is "store
window clothing"—fairly good for display purposes, but
not built to stand the rigid test of WEAR. : : :
It is sometimes hard to distinguish between artfully cam-
ouflaged clothing, made from cotton adulterated fabrics,
and REAL clothing made of ALL WOOL. There is a
way of KNOWING. : : : : : : : : : :

The Hart Schaffner & Marx label in your clothing is a
guarantee of all wool fabrics. You WANT this kind of
clothes because they are real economy—they wear longer
and hold their shape and color-newness.

MENT OPPORTUNITY, backed by the Honor Pledge of
"the store with a Conscience"—that is your guarantee of
BETTER values, BETTER merchandise and BETTER
service. : : : : : : : : : :

Good Plowing is the Basis Of Increased Crop Production

You know that in order to have increased crop production it is
necessary to plow better.

If the seed bed is not plowed properly, no amount of after
cultivation can rectify the damage done by poor plowing.

Therefore to insure an increased yield, you should furnish your
customers with Oliver walking plows.

They are built in all styles and sizes to meet any conditions you
might have on your farm.

In gritty soils Oliver chilled plows wear better. It does not
scratch the mouldboard as it would if the mouldboard were steel.

This is one reason why Oliver chilled plows give lasting service
and always scour. Let us demonstrate their worth to you.
